

Insidious? yes.... for 6,000 years insidious...

Congress used and **USES** tricky BS to confuse us into thinking we belong to them and IRS and 14th Amendment under any ruse.

I will not NOW be confused into thinking I belong to any Amendment;
in stead and in True course I belong to me
with inherent rights-first-foremost forever.

I choose me; not **foreign decree**

I am born free with my labor belonging to me; not **foreign decree**

I do not agree to belong to **foreign decree** foreign to me.

I am me. I belong to me.

I continue in Truth nothing but Truth. So help me.

I pay all I owe for all I receive with my labor I store.

I do not Plunder nor Trespass

I do not accept Plunder nor Trespass

I do not authorize Plunder nor Trespass

I do not qualify me to pay for Organized Plunder nor Trespass.

Let all know, my one day pay for my one day labor is **equal** EXCHANGE and is not gain
nor profit nor income.

I am not under emergency authority nor martial rule by foreign liar lawyer dictator dic-tates.

I am not on **the** land nor **their** land.

I am one with we free people on free land within free land States in Peace; all during Time
of Peace in nexus to all.

NOW Time of Peace is declared.

NOW, during declared Time of Peace

We use fundamental-universal Local common law and form

Local common law **Assembly** in in Life Truth Peace in Harmony with Love > friendship

Court of Record with correct **Seal**

Jury assembled choosing foreman

and all continue in Truth nothing but Truth

and all **ask Look Listen Learn Decide**

and all continue **inherent rights first-foremost-forever in Peace.**
