

## Our Accumulated Legacy

2014-07-21

### By reading individual State constitutions:

I learn...

I am born free on free land into life with inherent rights in Truth and in Peace.

**My signature seal** is **Act of Law** for me and **I seat me** in Peace.

We free people learn...

We are born free on free land into life with inherent rights in Truth and in Peace.

**Our respective signature seals** are **Acts of Law** for us respectively.

### By reading THE PUBLIC RECORD we find:

A world wide **War System of Organized Plunder** exists under several labels:

Government or State or Republic or Empire or Kingdom or Holy Church etc.

and all these have duly licensed the '**unlawful**' \*\*

Banks, Corporations and other "**Army Companies**" (Hudson Bay Co.-Virginia Co.)  
against all peoples and their natural resources.

The Public Fool System continues as an insidious agent of mind control.

The Global Public Education System of today imports ancient

phony Phoenician phonics to America via Egypt-Rome-England.

Today, England Rules our 'grammar' via The English Rules of Grammar.

"No unreasonable searches and seizures... except by warrant."... **war-rants**

### Typical War Rants:

The Constitution orders The Congress to

"declare war"... (Anywhere?)

and

"issue Letters of Marque and reprisal on land or sea"... (Any land? Any sea?)

Licensed Piracy: Examples by The Congress:

#### 1917 Trading with the Enemies Act...

All commercial intercourse is '**unlawful**' except by license. \*\*

Any **person** caught trading with the enemy...

shall be **SUBJECT** to capture and all that they trade treated as **PRIZE**.

In 1935, "except the American people" was deleted.

**1913-1935 Banking Acts:** Any person's signature on a note is legal tender...

Federal Reserve Notes are **not money**... they are legal tender.

## OPTIONS

Regarding war-based predator groups:

For whatever reason, we are all signed into a system **seated in War**.

How do we fix it? Cut the fat? Stop the fraud? We know where but how?

How? I sign and **record** language favorable **for me** into their record.

### One Example:

#### **I am seated in Peace**

**I now let all know** I am seated in Peace on day 2014-07-21.....

**I continue** my inherent rights in common **in Peace**.

**I prefer** a system in accord with **vital fundamental law, Nature's Law, Law for Life** with **inherent rights** for man-kind of life-kind.

**I prefer** we self-govern **in Peace** with respect to **Life** with **inherent rights** for man-kind and **do no harm**.

**I prefer** to use my **common sense**.

**I prefer** we assemble **in Peace** and sign into Life Truth Peace.

**I choose** and sign into a system **seated in Peace**:

**Assembly in Peace... using:**

**Court of Record** seated in Peace with Court Seal

**Nature's Law Jury** seated in Peace

**Library of Records** seated in Peace

We all live with inherent **rights in common** with **natural justice** under **Nature's Law, Law for life** for man-kind of life-kind that respects and reflects self-evident truth.

**Declaration** of Independence in 1776 faithfully reflected the respective State Charters; All in full force and effect today establishing the limits to Organized Plunder.

**The Constitution** respects: Congress shall not impair the **obligations of contract...** and Article IV Section 4: No foreign invasion into states and domestic violence by the feds.

Everyone in every state shall enjoy the **SAME immunities** as everyone in every state.

I claim and salvage for me the **SAME immunities**:

**I am live and living free in America in Peace.**

I am born free on free land into Life with inherent rights in Truth and in Peace.

**I seat me, my self, and I in Peace.** My signature seal is Act of Law for me...

*Ed Ylst*
